Ensuring the well-being of the community means everything - to all of us. Your Health Management team is here to help you accomplish your goals and build a relationship grounded in trust and support. We're excited to introduce you to your **Health Management Consultant, Nichole**.

Hi there, I'm

**Nichole
Guilfooy**

Health Management
Consultant

I've been with Providence since: July 2022

I have a passion for healthcare because: Physical and mental health and safety are foundational to well-being. My goal is to ensure every Providence member is empowered to prioritize their health and connect with the care that supports their well-being.

My education/background: I started my career in organizational well-being leadership in 2002. I have a Bachelor of Science degree with a focus on Public Health and Industrial/Organizational Psychology.

I love my job, but here's a bit more about me.

If it's the weekend: You'll find me hiking or enjoying the beautiful Oregon Coast with my family.

Fun fact about me: I sang opera in college.

Thank you for the opportunity to partner with you. I look forward to getting to know you better and supporting your goals - because everyone's well-being matters.
