

# 24/7 Nurse Advice Line

**Health issues don't fit neatly into a 9 to 5 schedule – and neither should your access to health information.**

ProvRN is a nurse advice line available around the clock. Nurses are ready to listen to your health concerns and recommend your best course of action. If you're not feeling well, but you're not sure if you should seek medical care, or you just need to bounce a health question off someone, our nurses are here to listen and provide answers.

ProvRN is available to Providence members who reside in Oregon and Washington and is a **free service for members**.

Learn more at: [ProvidenceMedicareSupplement.com](https://ProvidenceMedicareSupplement.com) or call  
1-866-365-4324 (TTY: 711) 8 a.m. to 5 p.m., Monday through Friday.
